

a resident citizen of the County of Bexar, that Affiant knows him since his boyhood; and that he is at present about 60 years of age, that the facts stated under Oath by said Fernandez in the foregoing Certificate, are true in every respect, that said Fernandez was a private in the Company of Mounted Volunteers of Affiants, at the besieging of Bexar by the Texian Force in the year 1835 that he continued in the volunteer service till the organization of the regular Army in Octr 1836 and that he entered at that time the Company of the late Captain — Manuel Flores, That the applicant for a Pension is the identical person who rendered the Military Service in the Texian Army, Specified in his Affidavit, — That the absence of a regular discharge is explained by the reason that none or very few were delivered by Affiant at the disbanding of the Volunteers — And the circumstance that the name of said Antonio Fernandez is not in the list of the members of his Company is understood by considering that said list was made 18 or 19 years after the performance of the Service and to the best of recollection without any Master Roll and by hear or with the help of few loose notes, so that, several Meritorious volunteers were forgotten.

Also personally appeared Captain Antonio Menchaca who under his Oath attests and affirms that the aforesaid Antonio Fernandez was a member of the Company of J. N. Leguin Mounted Volunteers, of which Affiant was a member, that said Fernandez continued in the Volunteer service and entered the regular service without any interruption, that he is the identical person who rendered said service and who applies at present for a Pension to which Affiant consider him partly intitled to under the laws of the State.
